

Mickey's Crossword Puzzle Maker

Apple® Version Quick Start Card

EQUIPMENT YOU'LL NEED

- Apple IIe, IIc, IIc+ or IIGS with 128K
- Extended 80 column card (for Apple IIe only)
- Color or monochrome monitor or television
- Printer and mouse (optional)

LOADING THE PROGRAM

- Insert the disk (Disk 1, if you are using 5.25-inch disks) into Drive 1. Be sure the label is facing up. Close the disk drive door.
- Turn on your monitor and then turn on the computer.
- If you are asked to type a crossword puzzle answer, look up the appropriate puzzle in the Creative Crossword Ideas, find the answer, type it, and press Return.
- When the Main Menu appears, you're ready to go!

KEYBOARD USE

Throughout the program:

- Press Open-Apple M to toggle the music on and off.
- Press ? to receive help.

On pop-up menus:

- Press left arrow, right arrow, down arrow, up arrow, tab or space bar to highlight a menu option.
- Press Return to choose the highlighted option.
- Press Esc to return to a previous menu.
- On menu bars:*
- Press Esc to move between the main area and the menu bar.
- Press left arrow, right arrow, down arrow, up arrow, tab or space bar to highlight a menu option.
- Press Return to choose the highlighted option.
- While typing:*
- Press Delete to erase letters.
- Press Open-Apple Delete to delete entire answers or word clues.
- Press Return when finished typing.
- While playing a puzzle:*
- Press Return or Open-Apple Arrow to move around the puzzle word by word.
- Press the arrow keys to move around the puzzle letter by letter.
- Press Return when you have finished typing an answer.

THE MAIN MENU

Menu choices:

- **PLAY A PUZZLE:** Play a puzzle created by you, Disney or the computer.
- **CREATE A PUZZLE:** Make a new puzzle using word or picture clues.
- **LOAD A PUZZLE:** Load either a Disney Puzzle or your own creation from a Saved Puzzle disk.
- **CHANGE PROGRAM SETUP:** To change the printer setup, music or new user help.

PLAY A PUZZLE

Menu bar choices:

- **HINTS:** Reveal a letter on the answer you are working upon.
- **NEXT:** Play another puzzle; edit, view, print, or save the current puzzle; use disk options such as creating a Saved Puzzle disk or loading a new puzzle; or return to the Main Menu.

CREATE/EDIT A PUZZLE

To create answers and clues:

1. Press the arrow keys or Return to move the blinking cursor to one of the answers.
2. Type the answer.

3. Press Esc to go to the menu bar and choose Word Clue or Picture Clue.
4. Choose View from the menu bar when you have finished creating your answers and clues. You will then go to View a Puzzle.

Menu bar choices:

- **WORD CLUE:** Create or edit a word clue for the current answer.
- **PICTURE CLUE:** Choose a picture clue for the current answer.
- **VIEW:** Form a puzzle and go to View a Puzzle.
- **EXIT:** Return to the Main Menu.

VIEW A PUZZLE

Menu bar choices:

- **SHAPE:** Change or move the puzzle's shape.
- **BACKGROUND:** Change, flip, or delete a background picture.
- **EDIT:** Make changes to answers, their word clues, or picture clues.
- **NEXT:** Save, play or print the current puzzle; use disk options such as creating a Saved Puzzle disk or loading a new puzzle; or return to the Main Menu.

LOAD A PUZZLE

Pop-up menu choices:

- **SAVED PUZZLE:** Load a puzzle that you have previously created and saved onto a Saved Puzzle disk.
- **DISNEY PUZZLE:** Load a themed Disney puzzle, which comes with the Mickey's Crossword Puzzle Maker disk.

CHANGE PROGRAM SETUP

Pop-up menu choices:

- **DONE:** Return to the Main Menu.
- **MUSIC:** Toggle the music on and off.
- **NEW USER HELP:** Toggle the Create and Play Puzzle initial help screens on and off.
- **PRINTER SETUP:** To choose number of copies, ribbon, boldface, printer, interface card, printer slot, and printer speed (slowdown).
